NOTES TO FORM RFC 1

Application for inclusion in Supplement to the Postal Voters List

1. The purpose of this form is to enable members of the Defence Forces who are not on the postal voters list to apply for inclusion in the supplement to that list. While there are no restrictions on when the form may be completed and sent to the registration authority, the latest date for receipt of an application by a registration authority is two days after the date of dissolution of the Dáil in the case of a general election and two days after the polling day order is made in the case of a Dáil bye-election in order to be considered for that election. In the case of a Presidential, European or local election or a Referendum an application must be received by the registration authority at least 22 days before polling day (not including Sundays, Good Friday or Public Holidays) in order to be considered for that election or referendum.
2. Under section 14 (b) of the Electoral Act 1992, a member of the Defence Forces shall be entered on the postal voters list for the register of electors and therefore may vote by post only. If you are resident in military premises, you may be registered at these premises or at your home address. If you wish to be included in the supplement to the postal voters list, this form should be completed and returned to the City, County or City and County Council for the area in which you are registering.
- 3. Eircode**

Eircode is the national postcode system for Ireland and comprises a unique 7-digit postcode which has been allocated to every address in Ireland.
- 4. Edited Register - Two versions of the Register**

Registration authorities are required to publish two versions of the Register - the full Register and the edited Register. The full Register lists everyone who is entitled to vote and can only be used for an electoral or other statutory purpose.

The **edited Register** contains the names and addresses of persons whose details can be used for a purpose other than an electoral or other statutory purpose, e.g. for direct marketing use by a commercial or other organisation. If you do not want your details to be included on the edited Register, you should tick (✓) the **opt out box**. If you want your registration details to be included (i.e. available for non-statutory uses), you should leave the opt out box blank.

5. Contact details

Your contact details are being sought in case the registration authority needs to contact you to clarify any details of the application.

- 6.** It is an offence to fail to give the registration authority any information required for the purpose of their duties or to knowingly give false information.
